Submission: Objection

Comments: There was previously a similar service provided within 50 yards of this property that was closed, this was due to the strain on society. Examples included antisocial behaviour/burglary/drugs/violence and extreme pressure on the already overworked emergency services.

Staff will be required around the clock, which will result in a substantial increase in traffic on this already dangerous/busy road per day with a possible 50 cars at site at any time.

There could be multiple disturbances/nuisance call outs to the emergency services.

We believe this will put an unnecessary amount of pressure on local services which are already at breaking point.
