Comments: Deliveries to Markovich should access the site from Cemetery Road and not via the railway bridge on Park Road. We have seen an increasing number of incidents following articulated delivery trucks accessing Markovich. There is a sign sited on a lamp post that direct HGV s up Park Road but this is being ignored. If improvements to Markovitz are proposed it can be reasonably assumed that delivery frequencies will increase and increase this problem. No objection to the proposals but consideration should be address as part of the planning approval. There is also the problem of surface water run off draining onto Park Road from Markovich's yard, which could be addressed as part of the entrance improvements.
