Submission: Objection

Comments: The existing issues with access to and exiting the main routes to Glossop and main routes to Sheffield plus access to and from Greater Manchester are already subject to severe congestion. How can any consideration be given to a proposal for potentially 2150 dwellings in this area.

It appears that social facilities and Primary educational facilities are being considered but no Secondary education?

Health Services are already extremely stretched in the area and a further 2000 dwellings would only increase this problem.

Crime and antisocial behaviour, already a problem with insufficient police numbers in Tameside, will be a concern for a development of this size.

The overdevelopment of Tameside, already struggling with resources, into surrounding countryside is detrimental to it's residents and those of the bordering High Peak.
