Submission: Neither

Comments: Thank you for the opportunity to comment upon this application. Whilst we note that no footpaths are to be changed as a result of the proposal if approved, two rights of way are potentially affected during any works, namely New Mills 139 and 140. Indeed the access road to the site is also a RoW. We would therefore ask that a planning condition is attached to any permission given to the effect that "all rights of way must remain open and safe to use during and after any works".
