Submission: Objection

Comments: I strongly object to the planning application for this three storey block of flats.

This application is totally out of character for the area

It would be an ugly eyesore blotting out the beautiful countryside around.

Neighbouring properties would be overlooked and this three storey building was never considered for this site.

There are not enough parking spaces for residents which will add to the congestion on an already busy and difficult access to the estate

The nursery would also be affected and there would be a danger to mothers and infants visiting the nursery if there are lots of traffic parked on the road. A two story building with enough parking for up to 12 cars would be an acceptable compromise.
