Submission: Objection

Comments: This application presents a number of problems.

Chinley and it's infrastructure are already under considerable strain and the addition of another large block of flats will cause further issues to the roads, road safety, cause pollution and stray from the original planning permission which I believe was a shop or shops.

The block of flats is out of kilter with most of the larger properties on the estate as it is 3 storey and will bring increased traffic up and down Green Lane which is already dangerous. Worst of all this increases traffic throughout next to a nursery!
