Submission: Objection

Comments: The height of the building is not in keep with the rest of the estate.

There will not be enough parking with the flats. One space per flat is not enough for couples etc and people visiting which will make the road into the estate busy and congested, this is especially not ideal with people collecting their child from nursery next door. This was not the original plan, we bought our property on the estate on the understanding that it was not going to be residential properties. This gives me great concern about the infrastructure in this particular area ie drainage/ sewage. Already an area that suffers with flooding.
