Submission: Objection

Comments: I object to this planning application based on its impact on existing infrastructure. I live on Manor Park Road which is one of the main entry/exit points for Old Glossop. This road has become overburdened with excessive traffic in recent years due to extensive housing build in Old Glossop - namely the Shepley Street and Hawkshead Mill projects which have doubled the residency of Old Glossop. The trains at peak travel times are standing room only (if you are in fact able to board) for the 35 minute journey in to Manchester. Building more houses without addressing the infrastructure is mis selling the idea of an idyllic countryside life. Please reconsider for the sake of your existing residents.
