Submission: Objection

Comments: I strongly feel that without any traffic management this already busy road, Simmondley Lane will be a big safety risk and full of cars all the time.

They should also at least upgrade and maintain the path and down the path leading onto any developments and add a cycle/walking path to allow access safely.

I don't feel this should be approved without traffic management and the developers should absolutely pay for a full zebra crossing across Simmondley Lane. This is a route for kids to get to the secondary school and if they try and cross at this end coming from the bottom of Simmondley there will be accidents I feel.
