Comments: I would like to suggest that some green screening- is put along side the edge of the football pitch which is in front of the long elevation seen from 6,Cherry Grove. A large section of a tree has been cut away which fronts on the side elevation seen from 6 Cherry Grove and others. A continuation of some green screening- along the edge of the pitch which faces Cherry Grove would be an improvement to the environment both visually and environmentally . Thank You. Margaret Fishwick.
