Submission: Support

Comments: 1 Clifton Road has the potential to be a beautiful home, sympathetic to the conservation area. The former owner, Irene, was unable to fund the necessary renovations and after her passing, the house was empty for circa 2 years. Rachel and Harriet have taken on the substantial task of restoration and it is entirely reasonable in my view that they should be allowed to install modern energy efficient windows that are sympathetic to the original style, yet benefit from a reduced environmental impact. As a neighbour that will be able to see the proposed new windows, I have no concerns about the impact of them.
