Comments: I live at the adjoining house which is 800mm lower than 101 The Birches. Whist I have no objections to the single storey extension, I have concerns over the Balcony and the visual impact it will have on my house. On the plans it shows a 1.8m high timber fence from the balcony level, this will come above the gutters on my house. With the sun moving round the fencing will affect the light in the bedroom and the garden.
