Submission: Support

Comments: I support this application as an extension to a thriving local business. We need to do everything we can to encourage investment by local business people to keep the diversity of the town centre. It is of utter importance that this, along with other eating establishments and businesses are supported. This building seems to have minimal impact on anybody else, not blocking any views and at the same time, shows off the amazing landscape of Chapel which is a great selling point for the town.
