Submission: Neither

Comments: Mr Hodges has said there are 2 stable blocks, there are two old buildings and a barn but have never

been used for equestrian. The land is used for agriculture, it has been used for agriculture since 1964. The ground that he has retained for himself has cattle on which is rented out and has been for several years. The field that he kept for himself had sheep on for 3 years and there were no horses on it.
