Subject: HPK/2022/0259: Application to build houses on land to the North East of Highstones, Bute Street, Glossop, Derbyshire,

Categories:

I note that on 10/10/2023 two new documents from the applicant were uploaded to the planning portal regarding drainage design and drainage calculation. A new public consultation end date of 31/10/2023 is also showing. However, the new planning statement, site layout, house specifications and all other relevant documents have not been uploaded; nor have re-consultations been issued to affected Bute Street residents or notices put up at the application site.

Please upload the necessary documents, issue re-consultations, put up notices and amend the public consultation end date.

Many thanks
Janet Bingham
