Site Address: 3 Market Street Chapel-En-Le-Frith Derbyshire SK23 0HH High Peak

Comments by: James Shephard

From:

Sunday School Square
Chapel-en-le-Frith
High Peak

Submission: Support

Comments: I would like to wholeheartedly support this planning application for a number of reasons, they are as follows:

- The erected construction to the rear of the main building (subject of the request) has been carefully located and built so as to not significantly impede upon any others views or access. It does not look out of place and the layout of the land in which its positioned has been designed so as to provide a good number of parking spaces for the clientele, a vital asset to a business on the main road.

- The addition of this small outside construction permits the business to expand their head count and so positively contributes to the employment of the local area.

- It provides additional options for food to both visitors of Chapel and to local residents, which should be welcomed, when trying to consider improving our offerings to tourism.

- The business as a whole has been very well received in Chapel and is a key asset to our small town. It is the kind of business we should be supporting however we can.
