LPA who have advised that any conversion should work within the shell of the existing building. Whilst it is possible that the pool area could be integrated successfully into the main building, they would not support the extension of the building beyond the courtyard and down into the lower garden.

The current (pre-app) proposals do not propose any extension works at ground floor level beyond the existing building shell and so the form and appearance of the building, and its siting within the small courtyard area will not be harmed.

- (a) a member of staff
- (b) an elected member

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
