

It is considered that due to the ownership of the site and boundary positions, installing a boundary treatment to the perimeter of the site would look unbalanced as would only be able to extend part way along the boundary, as the dotted line shows the approximate adjoining owners demise. We feel that the existing shrubs and trees provide sufficient cover to mask views into the site and the addition of a pergola will suffice.

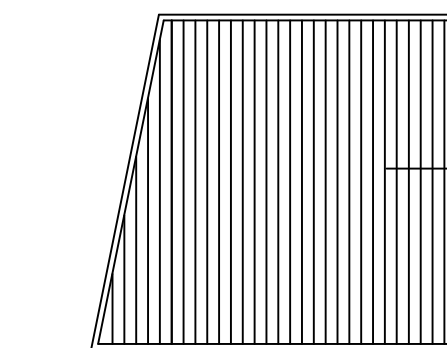

Site Plan As Proposed NTS @ A1

All dimensions to be checked on site and used in preference to those given or scaled from this drawing, and must be brought to the attention of the surveyor. Copyright of this drawing remains with the designers.
