Comments: I welcome the retention of the 3 historic buildings and the proposals of wildlife boxes to be included - although only a plan that these proposals will be delivered

There is one major concern as a resident of Blackshaw Clough there is only one access/egress onto Bute street where the road exiting the new housing plot and Blackshaw Clough meet. There are two houses accessed from this road along with the water board to maintain the reservoirs plus vehicles to service the 2 houses. This road is a public right of way to the peak park and you propose home owners can exit the new housing site at the rear - pedestrian only exit. The safety of all road users and walkers is paramount yet there is no proposal or risk assessment for the inadequate visibility from blackshaw clough. Your comments on this would be appreciated.
