Submission: Objection

Comments: It appears that the proposed extension of the roof area to the left and front of the property will be across our land. We do not give permission to build on, across, or over our land.

This same extension will further restrict the driveway access to our property for large vehicles, including emergency services and wider delivery and maintenance access.

I politely request that the three windows shown on the left side plans do not open, for the same reason of overhang and potentially prohibiting access to wider vehicles.

Although we must object to this current proposal, we do support the renovation of this property.

I found the original plan with the arched entranceway pleasantly reflective of the original 1930s character of the house and the existing arch at that location, and was disappointed the council did not agree.
