APPLICATION: HPK/2023/0442

PROPOSED DEVELOPMENT: Proposed solar array, supporting energy infrastructure and associated site works incorporating, access, security fencing and landscape planting.

LOCATION: Carpenter Plc Dinting Lodge Industrial Estate, Dinting, Glossop

Dear Rachael

Thank you for consulting on this application.

The GI survey for this site demonstrates that the solar panels will be built upon land that has been levelled up by up to 2m and there will be no below ground archaeological impact. Please however seek the guidance of your own Buildings and Conservation Office regarding impact in terms of setting on the adjacent non designated heritage assets and Historic England over potential impacts to the setting of Melandra Roman fort and Vicus (DDR754) which is a Scheduled Ancient Monument.

Best regards

Reuben
