Hi Rachel

Noise from the ASHP is predicted to be “low impact” (not significant).

Hi Matthew,

Thanks for this!

The ASHP is described as the plant equipment elsewhere in the application. Sorry for any confusion. Does the noise report address any concerns regarding this?

Many thanks again!

Hi Rachel

The solar array appears to be low impact from a public health point of view. No objections or recommended conditions.

There is a submitted noise report but this focuses on a air source heat pump located within the ground floor area of the 2-level car park structure. Not sure how relevant this is to these planning proposals, as the ASHP isn't really mentioned elsewhere.

Morning,

Just enquiring regarding the consultation response for HPK/2023/0363. This will be going to committee in November. The Deadline for which is this Thursday (2nd November). If you wish to make comment I would appreciate it if you could provide this before Thursday to avoid being entered as a late issue.

Kind regards,

Rachel Robinson Trainee Planning Officer
