Submission: Objection

Comments: I strongly object to the building of houses on this valuable habitat. I walk here nearly everyday & the diversity of wildlife is clear. It's outrageous that in this age of diminishing nature the council would consider bulldozing this wildlife rich area which is so used by residents. In addition to which, it's a very clear flood risk - the path to the allotments floods regularly.

My partner has just waited 3 years to be registered with a dentist. What makes the council think that Buxton can support hundreds of new families? Until infrastructure & services are improved this will add even more pressure to the already strained services we have.

Fairfield road is a notorious traffic disaster, with huge tailbacks almost daily. The added pressure of the new homes will increase pollution, endanger the health of local people & cause misery to hundreds as we sit in worse & worse traffic jams.
