Comments: Apart from the obvious objection- more housing in an area where the infrastructure is missing, I would like more information on the bin collection area. Not only is this positioned on an extremely bad bend in the road, it looks like it blocks the gateway onto somebody's land. This neighbouring land does not belong to Northern Rail but is privately owned. I doubt anyone will be able to afford these properties from Glossop.

Disappointed. What happened to this 'Green and Pleasant land'? Robert Langan MP has said that there should be no more building in Glossop until the infrastructure has improved- eg ROADS. So this started out as more information needed on the bin collection point but in fact has ended up as an objection.
