APPLICATION: HPK/2023/0500

LOCATION: GRASS VERGE OUTSIDE STODHART MEWS Hayfield Road Chapel-En-Le-Frith

PROPOSED DEVELOPMENT: Change of use from Highways to Preservation of Site of Historical Interest

Dear Rosie

Thank you for consulting on this application.

The application site overlies The Stodhart Tunnel of Peak Forest Tramway, which is recorded on the Derbyshire HER (MDR9544) and is a Grade II* listed Building. Historic England are statutory consultees for all buildings listed Grade II* and above and I advise you also contact them for their response and consult your own Buildings and Conservation officer.

Other heritage assets that also lies within the application boundary include the Late 18th century drystone retaining and boundary wall of the waste bank, limekilns and loading bay (MDR 9542) and the route of the Peak Forest Tramway, which was opened in 1796 (MDR9592).

There are no archaeological impacts occasioned by this application and I have no objection

Best regards

Reuben
