Substantive response provided in accordance with article 22(5) of the Town and Country Planning (Development Management Procedure) (England) Order 2015:

Advice to LPA

The County Council provided the following response to application HPK/2022/0498 was *'There are no highway safety objections to the application subject to the existing on site parking provision remaining available.'*

Drawing 200 was submitted for application HPK/2022/0498 and the above application has submitted drawing number 200 Rev B which has not altered the footprint of the dwelling or the amount of bedrooms previously proposed, so again I can confirm that there are no highway safety objections to the application subject to the existing on site parking provision remaining available.
