Appeal by Mr C Sizeland of CJK Packaging
Re Bridgeholme Mill, Chinley
High Peak application : **HPK/2022/0443**

Dear Inspector,

Having inspected the Bridgeholme site I wish to support this Appeal for the following reasons:

- This district has, in recent years, accepted a large number of housing developments.
- Very little infrastructure has been implemented to cater for the increased population.
- There is a great need to encourage new and existing businesses for wealth creation and its associated employment.
- The Site concerned is well screened and does not materially impair an area of Natural Beauty.

In recent years we have noted that the applicant has made steady progress in improving the site and surroundings of their premises.

Note: I and my family have no social or business connections with the Applicants or their business.

Yours Faithfully

Bryan McGee F. I. Mech. E.
