Submission: Objection

Comments: The Council considered this application at its meeting yesterday. It had the following concerns:

- 1.The immediate vicinity can become congested by on-street parking. If this application leads (through loss of on-site parking) to more on-street parking, that would be appreciably unhelpful.
2. The proposals appear to enable the applicant to look into the neighbour's property to an unacceptable extent.
3. The rendered walls will be out of keeping with nearby properties.
