Comments: I am a Whaley Bridge Town Councillor and with other councillors visited the Bridgemont proposed building site this summer and met with Mr and Mrs Cullen of Treville Properties. I came away with the overall impression that if these affordable properties were to be allowed to be built and sold to local people it would not only provide much needed low cost housing in the town but create an opportunity for locals to stay local. As far as the issue of drainage connection is concerned surely it is a common sense matter of easiest is best. If the new houses are to be connected to the sewer anyway why chew up the road further than is absolutely necessary ?

This matter comes before you on the 11th of Dec and unfortunately our next Town Council Meeting is not until the 14th of Dec so it would obviously be too late for the full Council to comment but my comments above are the views I would express in a full Council debate on the matter. Councillor Michael Ridgway.
