Further to the information supplied to us for the proposed development we can confirm that under the Town and Country Planning Act 1990, planning permission is required, under Section 55 (1).

• Subject to the following provisions of this section, in this Act, except where the context otherwise requires, "development," means the carrying out of building, engineering, mining or other operations in, on, over or under land, or the making of any material change in the use of any buildings or other land.

Lowering the ground level of the existing raised front garden is considered to be an engineering operation. Such developments subsequently require planning permission.

Please note this letter constitutes the informal view of the Council and is based on the information you have supplied. This enquiry does not constitute an application for a Lawful Development Certificate for a proposed development under section 191 of the Town and Country Planning Act 1990.
