From:

Submission: Objection

Comments: We live directly across the road. The houses would not only be an infringement of privacy as these houses would overlook our houses and bedrooms. Also parking is already a nightmare without the addition of approx 6 further cars. Furthermore with the school being opposite this is a health and safety issue for children coming and going to school, coachman's lane is already an issue with council parking and trying to get on to the main A6 yet alone trying to see round houses and gardens. If it was just the one main unit turned into a house then it wouldn't be so bad but with approx 12+ additional people trying to get in and out this would cause chaos on an already over stretched main road.
