Subject: Response to consultation for discharge of condition application DOC/2024/0001 - McDonalds Restaurant, Statin Road, Buxton

Hello Rachael,

Thank you for referring this application for our attention.

Comments from us made on the 16th of January last year which partly led to condition 28 made mention of 'a site wide CCTV provision to deter and detect offences, with specific focus upon car and cycle parking areas, movement route and gathering points'.

The specification submitted is appropriate, however the coverage is limited to the immediate building envelope, omitting the site car parking areas and vehicular/pedestrian approaches.

As the potential problems with ASB raised during determination would not necessarily be limited to the building envelope,

I think that its reasonable to expect that the CCTV field of view should be extended in this manner to satisfy the 'site wide'

element of the required scheme provision.

Regards
