Submission: Objection

Comments: This planning application is not in keeping with the local area. It will overburden the private access road to the site, which is heavily used by ramblers, dog walkers, and local residents for recreational walking, and this planning application, if approved, will ruin the aesthetic appeal of walking in this area. There;s also a lot of birds that feed and nest in the area, including seasonal woodpeckers, that would be disturbed.

I object to this proposal in the strongest terms possible. My family live in this area for its outstanding natural beauty and the local walks to our home. This proposal would tarnish the attraction of this public right of way.
