Submission: Objection

Comments: I oppose the planning application as having 3 x 3 storey houses will take away our privacy as well as light, the parking is also an issue as they will have to parallel park using the pavement causing pedestrians to have to go into the road.

The road is far too busy as it is and when the level crossing barriers are down the traffic all backs up down the A 6 towards Bridgemont add into this construction vehicles making deliveries has the potential to cause chaos on an already over stretched road.

The current proposed development is not in keeping with the current houses nearby which are around 200 years old

Safety for the children at the primary school also needs to be considered as they use the football field and the school garden
