Submission: Objection

Comments: There is already to many vehicles on Queen Street with insufficient place to park for all the vehicles. Another house with more cars will just add to the congestion that we already have on the street. That is besides all the chaos we have as people use Queen street as cut through causing a backup of cars both ways and arguments between the drivers outside of our houses as either refuses to backup and we have to listen and deal with it all the time.

There is simply just no more space for another house and even more cars on an already small tight street!

Thanks
