Submission: Objection

Comments: The proposed housebuilding at Hogshaw was discussed at our recent AGM.

Everyone present at the meeting was concerned about the development and wanted the committee to object on behalf of the allotment association.

We object because of the environmental impact of a development near to our site. We are concerned that there will be noise and traffic

pollution from a new housing estate near to our allotments and that the flora and fauna in the area will be affected. The area near to our allotments is quiet and peaceful and has a lot of wildlife. This will be harmed by the proposed housing estate.

We are also concerned that there will be an increased risk of flooding on our site. Part of our footpath and one of our allotments regularly flood in the winter and we do not want this to get any worse.

This objection has been made made by Daniel Smart acting in the role of Chairman of the Nunsfield Road Leisure Gardeners Association.
