Submission: Objection

Comments: This is one of the worst planning decisions that could be made in Chapel en le frith , my 9 yr old son along with a lot of other children use the MUGA rain or shine and we spend hours and hours most weekends playing in the park , the noise is not produced from children exercising it and it is unfair to punish them for a small minority of children who are causing the problem , removing the facility will make the problem worse not solve it because the children who currently use it will have no where to go and will end up hanging around doing nothing getting bored and that's where the problem gets worse. The park needs policing better to stamp.out the antisocial behaviour at night but daytime playing is what children do and if this gets removed shame on all of you .
