Submission: Objection

Comments: The children's play area has been in Chapel memorial park for 40 plus years and has provided a lot of pleasure for many families. With little or no other playground facilities in the town, it would be a ridiculous decision to remove them. This area provides a central meeting point which is safe for children and teenagers alike. When the next generation of children have so much digital technology available to them, we should be doing everything we can to encourage them to exercise and spend time outdoors rather than removing play equipment. On the contrary, it is my opinion that we should be investing more money to expand and improve these facilities.

Approving this application would be detrimental to local families. With little else to do and nowhere to meet it would also would serve to encourage teenagers onto the estates and the streets around Chapel.
