Submission: Objection

Comments: Removing equipment designed to keep children fit, healthy and active and above all happy is utterly ridiculous. The current complaint with the council about the Muga and skate park views the problem to be with the equipment. The issue is with antisocial behaviour by a small minority not being respectful and removing the equipment will not solve this issue. It will only reduce the already limited resources for local children. This will impact on their mental wellbeing, weight and social skills which have already been damaged by living through a pandemic. I fully, fully object to this absurd planning application.
