Comments: This application has to be a joke!? I'm flabbergasted that there's any sane thought to remove one of the most used areas of the memorial park by the young of Chapel-en-le-Frith! The multi-use games area is a popular and very well utilised area of the park, and I rarely see it not in use. Even myself growing up in Chapel used to use this area of the park from about age 10 to 15, so 25+ years ago. Me and my friends would head down to use this area to play football whenever we could, and it's amazing to still see youngsters doing exactly the same decades later!

There should not be a plan to remove the multi-use games area, but there should be plans to light it up so it could be used in the winter when the dark nights draw in. It would be insane to remove something the youths of Chapel rely on for sports and activities, where they can meet their friends, and take part in activities outdoors in the fresh air helping keep our children fit and healthy.

I object to this planning proposal in the strongest terms possible, and I'd question the sanity of the applicant.
