Submission: Objection

Comments: This application is absolutely ridiculous, the MUGA is an integral part of Chapel-en-le-Frith Memorial Park which is used on a daily basis by children and families in Chapel-en-le-Frith. The fact that this application has been submitted as a resolution in response to a noise complaint which was submitted over two years ago by only three residents (one of which has now apparently moved away) is absolutely abhorrent. Who would choose to live next to a park and not expect to hear the noise of children playing on a regular basis? The park is surrounded on three sides by residential buildings and the fact that only three of these submitted noise complaints to the council speaks volumes - if it was such a huge issue, why did every house not come to the same conclusion? The MUGA is vital for our community as a safe place for our children to play, exercise and socialise and it's removal would be detrimental to our community. These sort of actions by councils are what destroys local community spirit, especially in a town which is one of the few places left in the High Peak to retain a real feeling of local community. Suggestions by others who oppose this application to relocate the MUGA to another area of the park are, I believe, unreasonable and unnecessary not to mention a waste of vital local authority funds. It is unbelievable that this is even being considered to appease three selfish individuals in a community of over 10,000 residents.
