Submission: Objection

Comments: I can't believe that this is even something that's being considered the amount of kids, teens and adults that use this area it brings people together in the community to have fun and play!! Don't you think that the money would be better used to improve roads or provide better amenities in the area rather than trying to take away children's childhoods!! Where are they going to go if they are not playing it's not like you are providing anything else locally they will only be hanging around somewhere else with nothing to do and have more potential to be looking for trouble.
