Submission: Objection

Comments: I object to this proposal. The MUGA is used by so many children almost every day. Older children don't hesitate to play with younger children, teaching them how to play football and basketball. It's so important to keep these amenities available for our children to enjoy. We hear in the media all of the time about how childhood obesity is becoming an issue in our country, yet removing something that promotes exercise and fresh air is being considered for removal. It allows the children to play out without getting too wet or muddy from the grass. We should not be letting people who choose to live next to a park dictate what happens to something that is enjoyed by so many.
