Submission: Objection

Comments: I completely oppose the removal of the MUGA. Young children, teenagers and families really use this and it brings the community together. It's a lifeline for free outdoor activities in the local area when you have young children. You would be removing the only facility for children to play safely in chapel. It is completely unreasonable to suggest this would solve the complaints about noise. There are other measures such as locking the park gates at night, using lighting at night to deter, but to punish young children and families is completely ridiculous, never mind the cost element which is already ridiculous due to the court case
