Submission: Objection

Comments: It is appalling to even be considering removing this facility due to the complaints of three residents, one of whom has now moved out of the town. The MUGA is a valuable leisure space for the young people of Chapel. It's one of the only places that children can access free of charge to play sports all year round. The rest of the park is boggy, muddy, or covered in dog poo.

Removing this space will not stop the anti social behaviour caused by 1% of young people, but it will stop hundreds of well mannered, well behaved young people from practicing their sports, having fun with their friends, and most importantly getting exercise every week.

This application is a selfish move that lacks common sense and will cause more problems than good.

To those that have complained about the 'noise' - grow up. You live near a park, what do you expect.

Instead of removing this facility, can I suggest that the police tackle the anti social behaviour that is actually the main issue here.
