Natwest Remote ATM, Rubicon House, 2 Market Place, Chapel-en-le-Frith,
Derbyshire SK23 0EN**

The replacement of the external ATM

The Works

The works comprise the removal of the external ATM to the rear of the building. A new ATM is to be installed in its place. All finishes to be made good to match existing and a new tablet sign is to be installed above the ATM with the new Natwest branding (see drawing).

The new ATM will increase convenience for customers by allowing better access, a more ergonomical design and have cyber protected security. It also features Bluetooth and voice control. The new ATM will have no detrimental effect on the fabric of the building.

Access

Access to the branch will not be affected by the proposed works nor will they affect the public space.
