Submission: Objection

Comments: I have been made aware of this planning application.

We have lived in this property for 32 years forge road was once a quiet safe well respected place to live after Forge manner being built they oped access for "walkers" to cut though past our house since this we have motorbikes coming through at high speeds regularly I have small children and feel unsafe them playing out. This application is just cherry on the top I feel it will course worse than good to us that live at forge terrace we have no privacy now never mind there back/side windows looking directly into our front gardens. The trees have been there for many years and with a little tidy up would be better for out environment than another house being built. Also only 2 out of 6 houses have parking for more than 1 car the others or visitors park next to the wall on our private road! Have a thought of the people who have had to deal with disrupt for all this time.
