Submission: Neither

Comments: Please note that this is not a total objection to the plans. However we need assurances on the following couple of points.

Can you please confirm that the plans showing that there is no window planned for the side elevation, will not be amended. As it stands, the side of the planned extension (facing our property) does not show a window, and we would like confirmation that these plans will not be changed.

Can you also confirm that there are no plans to move the fencing separating the two properties. We have concerns of the disruption to the bottom end of our property. And need reassurances that there will be no issues affecting our property.
