Submission: Objection

Comments: I object to the above development due to it being out of keeping with the rest of the buildings in the area.

Also I believe during construction this development will cause untold disruption to all aspects of the area,

the local economy and inconvenience life as the A6 is an extremely busy road artery, especially since the opening

of the A555. I believe it will make the our surroundings even more dangerous than it already is. It would also put

a even more strain on the local amenities, i.e. the utilities, doctors, hospitals, the local school , with primary school pupils already having to negotiate a very busy road.

I also believe having this green space , breaks up the urban sprawl and is good for the community's mental well being
