This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

- ☒ It is my belief that if permission is granted for the development to which this application relates the biodiversity gain condition would not apply

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

Details of the pre-application advice received

The validation team have confirmed that a site plan, location plan and elevations of the proposed fence will be required.

I appreciate the frustration given previous inaccurate advice. However, we are unable to assure applicants of an approval before an application is received. While we can advise if an application is likely to be unsuccessful, we cannot guarantee the success of any application. I understand that fences have been put in place elsewhere, and this would be taken into account when the application is assessed, and is likely to contribute positively. I would also advise that the final type of fencing is annotated on plans, if it is not obvious in the elevations, and that it matches the existing fence (as is already proposed). E.g picket fencing etc.

At present the fence is proposed to be 1M in height, and recommend this height is maintain in a full householder application. You are correct that a 1M high fence is unlikely to receive highways objections, however, as the consultee is part of DCC rather than HPBC I am unable to confirm this.

In summary I do not see any reason to advise against the submission of a full app, however, am unable to offer any guarantees.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff**
- (b) an elected member**
- (c) related to a member of staff**
- (d) related to an elected member**

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No
